Project Management (MSC-225)

Assignment-1

Statement: The Role of Quality and Risk Management from Project Planning to Project Success.

Assignment Requirements:

i) Define project quality management and discuss its importance in achieving successful project outcomes using the four core project quality concepts.

ii) Discuss the risk parameters, such as the probability of risk occurrence, risk impact, risk priority, cost implications of risk, and detection capability. Also, explain how each affects project performance.

Format: Type the assignment in MS Word with letter size 12 and 1.5 line spacing using Times New Roman style, 2-4 pages.

Group Member: Maximum 3 students per group

Submission Deadline: May 26, 2026; 4:00 PM (Submit Assignments via the Google Drive link provided in the class WhatsApp group)

Important Note: Assignments created through AI tools will get no marks.

The following rubrics will be used for the assessment of the Assignment:

Level of Achievement				
Criteria	**Excellent 8 - 10**	**Good 6 - 7**	**Fair 4 - 5**	**Poor 1 - 3**
COGNITIVE				
Understanding of Quality and Risk Concepts	Explain all concepts clearly with correct examples	Explains most concepts correctly	Explains some concepts with limited detail	Concepts are unclear or mostly incorrect
Problem Solving and Case Study Analysis	Correctly identify problems and risks, and gives suitable solutions	Identifies most problems and gives reasonable solutions	Identify a few problems with limited solutions	Unable to identify problems or provide suitable solutions
Organization and Presentation	Assignment is neat, well-organized, and easy to understand	Mostly organized with minor mistakes	Some parts are unclear or poorly organized	Poorly organized and difficult to understand
AFFECTIVE				
Effort and Interest in the Task	Shows good effort; assignment is complete and neat.	Good effort with minor gaps.	Minimal effort; basic completion only.	Little effort; incomplete work.
On-time submission	The assignment is submitted within the due date	The assignment is submitted 2 days after the due date	The assignment is submitted 4 days after the due date	The assignment is submitted one week after the due date
